Diagnosis report of

2014 SEAT LEON Style Business Ecomotive

Diagnosis details

Date of completion: 06.09.2024

Mileage on completion date: 204 350 km

Checked by Longo Shared Service certified diagnostics:

This car has been thoroughly checked according to **Longo 150-point checklist** which covers Body exterior, Interior, and Mechanical condition. We can confirm that it has never been involved in major accidents and has had regular maintenance, as well as mandatory roadworthiness tests in the country of export.

Please note that certain general wear and tear issues are considered acceptable and may not be repaired.

Summary of diagnosed issues

During the comprehensive diagnosis conducted by Longo, 9 issues were identified in the vehicle. 6 of these issues were rectified. 3 of the diagnosed issues are deemed to be fair wear and tear.

| INTERIOR | EXTERIOR | MECHANICAL |
|-----------------|----------------------|----------------------|
| No issues found | 2 fair wear and tear | 6 issues rectified |
| | | 1 fair wear and tear |

Diagnosis process

Diagnosed issues repaired

Mechanical

1. OTHER:

Charge the battery

2. OTHER:

Engine oil & filter change

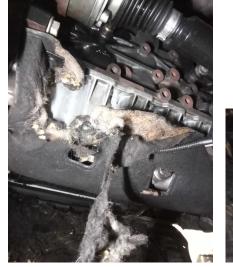

3. OTHER:

4. ENGINE:

5. ENGINE:

🔮 extra

6. BRAKES:

Sront brake disc (both)

Fair wear and tear

Exterior

1. SIDE: Left and right side - visual damage / scratches

2. FRONT: Windscreen integrity - free from any damage that would exclude the vehicle from MOT test

Mechanical

1. SUSPENSION: Ball joint - lower - both - without wheel alignment

Longo 150-point checklist

Every vehicle is carefully examined according to Longo's comprehensive 150-point checklist, ensuring a thorough assessment of the car's interior, exterior, and mechanical condition. Depending on the factors such as condition, mileage, and specifications, additional checks may be included or certain points from the list may be omitted.
